

## MAiD Position Statement

November 27, 2024

We would like to share an important update regarding the services provided at Oak Ridges Hospice. As of now, our hospice is proud to include **Medical Assistance in Dying (MAiD)** as part of the care we provide to residents who meet our admission criteria.

This decision reflects our commitment to offering compassionate, dignified, and individualized end-of-life care. We recognize the importance of respecting personal choices and ensuring that every individual's wishes are honored in a supportive and peaceful environment.

Our interdisciplinary team is dedicated to providing comprehensive support to residents and their families throughout this process, ensuring they receive the highest quality care and respect.

If you have any questions or would like additional information about this change, please do not hesitate to reach out. We value the partnership we share with you and are committed to keeping you informed about the services available at Oak Ridges Hospice.

Thank you for your continued support as we work together to meet the diverse needs of our community.

A handwritten signature in black ink, appearing to read "Christine Vos".

**Christine Vos** (she/her), BSc  
Executive Director
